MONTANA STATE EMPLOYEE ASSISTANCE PROGRAM

Are you bothered by a problem and not sure where to turn?

The Employee Assistance Program was established to help state employees and their families locate professional resources within their own communities. Personal problems often interfere with work performance. Enabling you to get the help you need, whatever the problem may be, also helps the State as an employer.

The Employee Assistance Program was also designed to assist supervisors guide employees to appropriate services, hopefully before disciplinary action becomes necessary.

All Services are strictly confidential.

For more information call 449-3405.

COMMENTS ON THE DIRECTORY

Be sure to read the General Information and the State Telephone Dialing Instruction sections as there have been a few changes made to the State Telephone System this year.

The State Agency Index lists agencies generally to the bureau level for all departments located in Helena. Major institutions or agencies headquartered outside of Helena are also listed.

The State Agency Organizational Listing is separated into two parts—Helena Agencies and Outside Agencies. Departments are presented in alphabetical order with their organizational breakdowns shown generally to the section level.

The Helena Employee Listing is as accurate as possible at the time of printing. However, because of the relatively large number of personnel changes in some areas this section may become out-of-date quite rapidly. Please notify the Communications Division (449-2586) of any errors, omitted names or names that should be deleted.

Directories can be purchased from the Communications Division, Sam W. Mitchell Building, Helena, Montana 59620, at a charge of \$1.00 each.

GENERAL INFORMATION

STATE TELEPHONE SYSTEM

The State Telephone System (STS) is a network of over 150 interconnected Tie Line and WATS circuits. The Tie Lines are individual circuit groups between thirteen Montana cities and Helena which serves as the switching center. Each outlying city or circuit group has a unique access code for calling. The WATS circuits are flat-rate long distance circuits originating in Helena to serve all areas of Montana not connected by Tie Lines and also the continental United States. The Montana WATS have "151" as an access code while the Nationwide WATS use "171" for access.

Proper dialing is of the utmost importance to ensure the most effective use of the STS. **Be sure to read the STS dialing instructions on page 3** and if you have any questions or would like more information, call the Communications Division at 449-2586.

STATE TELEPHONE SYSTEM USAGE CHARGES

With the advent of the Telephone Accounting System (TAS) equipment all STS usage is measured to the nearest tenth of a minute and agencies are billed for all calls placed over the Tie Lines and WATS circuits during the business day.

All Montana calls are billed at fourteen cents (\$0.14) per minute. Nationwide calls are broken into five zones by States and billed at the rates shown below:

ZONE	STATES COVERED	DAYTIME RATE	NIGHTTIME RATE
		7:30 am-5:30 pm	5:30 pm-7:30 am
1	ID, ND, SD, UT, WA, WY	\$0.31	\$0.21
2	CO, MN, NB, NV, OR	0.32	0.22
3	AZ, CA, IZ, KS, NM, WI	0.33	0.23
4	AR, IL, MI, MO, OK, TX	0.34	0.24
5	remaining states except AK and HI	0.35	0.25

For every call placed over the STS, both Montana and Nationwide, the TAS equipment logs the number making the call, the date, time of day, number dialed and length of call. This information is processed each month with the State's computer and several TAS computer reports accompany the monthly invoice for telephone services. For more information contact the Communications Division.

STATE TELEPHONE USE

State telephones and the State Telephone System (STS) are provided for the conduct of State business. As explained in the above section, agencies are billed for each and every call placed over the STS during regular State business hours and consequently, personal or non-State business calls must be eliminated. Agencies will formulate or adopt policies to control the use of State telephones and to ensure that personal or non-business call are not placed over the STS.

ORDERING STATE TELEPHONE SYSTEM SERVICES

All requests for installation, modification, relocation or removal of STS telephone equipment and services must be submitted on a Telephone Service Request, Form CD100, as outlined MOM Chapter 1-0900. The Telephone Service Request is available from Publications and Graphics Division, Old Liquor Warehouse, Helena 59620, 449-3053.

The Telephone Service Request form is essential. To save time, be sure to complete the form for all new orders or modifications to STS service and forward to the Communications Division well in advance of the desired service.

TROUBLE REPORTING

Report all trouble conditions to the Operator (dial "0"). Remember, trouble conditions not reported cannot be corrected.

STATE TELEPHONE DIALING INSTRUCTIONS

—HELENA AGENCIES ONLY—

(Outside Helena Agencies must prefix all dialing with "8")

TYPE OF CALL	DIAL
HELENA CENTREX CALL	4 Digit State Ext. No.
HELENA LOCAL CALL	9 + 7 Digit Local No.
TIE LINE CALL	
State Number	Access Code* + State Ext. No.
Local Number	Access Code* + 9 + 7 Digit No.

NOTE: To call a telephone number in any one of the Tie Line cities listed below you must dial the appropriate access code for that city. WATS calls cannot be placed to any Tie Line city.

ACCESS CODES

ANACONDA	129
Opportunity	
BILLINGS	122
Shepherd
